

CALL FOR PAPERS

ICGAMFE 2020
Jun 17-18, 2020
Montreal, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGAMFE 2020 : International Conference on Global Agricultural Machinery and Farm Equipment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Global Agricultural Machinery and Farm Equipment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural engineering
Agricultural science
Agricultural machinery
Mechanized agriculture
History of the machines
Farm machinery and equipment
Modern machines in agriculture
New technology and the future
Agricultural machinery and technologies
The industrial revolution
Steam power
Internal combustion engines
