

CALL FOR PAPERS

ICAESID 2020
Jun 04-05, 2020
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAESID 2020 : International Conference on Architectural Engineering and Sustainable Interior Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Architectural Engineering and Sustainable Interior Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sustainable interior design
Environmentally responsible
interior design
Indoor environmental quality
Energy and water issues
Interior finishes and furnishings
Decoration engineering
Building decoration and interior
design
Architecture, landscape and
interior design
Acoustic consideration
Adaptive re-use and interior
environments: contexts, aesthetics,
functions
Behavioral factors: cultural,
social, and economic
sustainability
Building occupant and community
member perception, performance, and
health
Compact living

Conceptualization
Craft and fabrication: green
materials, finishes, furnishings,
and products
Design history and theory
Design modeling, processes,
simulations and communication
Design paradigms
Design planning
Furniture design/set-up
Indoor comfort
Installations
Light, color and materials
Preservation and adaptive re-use:
sustainability issues
Quality of life
Space efficiency
