

# CALL FOR PAPERS

**ICBDAUPSE 2020**  
**Jun 04-05, 2020**  
**New York, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBDAUPSE 2020 : International Conference on Building Design, Architecture, Urban Planning and Structural Engineering is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Building Design, Architecture, Urban Planning and Structural Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architectural Engineering  
Architecture  
Building Materials  
Civil Engineering  
Construction Engineering  
Design  
Eco-Buildings  
GIS  
Geological Engineering

Landscape  
Materials Engineering  
Nanotechnology and Smart Materials  
Pollution  
Smart Buildings  
Structural Engineering  
Transport and Transportation  
Engineering  
Urban Planning
