

# CALL FOR PAPERS

**ICBSART 2020**  
**Jun 04-05, 2020**  
**New York, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBSART 2020 : International Conference on Building Sustainability and Architectural Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Building Sustainability and Architectural Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sustainable building  
Sustainable urbanism and  
architecture  
Sustainable architecture  
Sustainable energy use  
Managing sustainable building  
projects  
Life cycle of buildings  
Sustainable building systems  
Sustainable building design  
Urban sustainability  
Architectural planning  
Architectural drawings  
Architectural plan aspects  
Qualities and uses

Social concerns  
Virtual design and construction  
methods  
Lifecycle assessment methods  
Infrastructure  
Organization and process modeling  
Heating, ventilation and cooling  
system efficiency  
Renewable energy generation  
Solar panels  
Wind turbines  
Solar water heating  
Heat pumps  
Sustainable building materials  
Recycled materials
