

# CALL FOR PAPERS

**ICPFHIT 2020**  
**Jun 04-05, 2020**  
**New York, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPFHIT 2020 : International Conference on Plant Food and Human Intervention Trials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Plant Food and Human Intervention Trials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Plant food, nutrition and human health  
Dietary plant bioactives  
Phenolic compounds  
Carotenoids  
Glucosinolates and sulfur compounds  
Alkaloids

Colonic metabolism  
Gut microbiota  
Bioavailability  
Bioactivity  
Human intervention trials
