

CALL FOR PAPERS

ICTNPT 2020
Jun 04-05, 2020
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTNPT 2020 : International Conference on Telenursing and Nurse-Patient Relationships is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Telenursing and Nurse-Patient Relationships. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Telenursing	Therapeutic nurse-client relationships
Principles of telenursing	Privacy and security of information related to nurse-client interactions
Applications	Practice
Home care	Liability and risk management
Telehealth	Roles and accountabilities
Patient safety	Managing quality care
Case management	Telediagnosis
Telephone triage	Teleconsultation
Standard of care	Telemonitoring
Countries using telephone triage	Telemedicine
Legal, ethical and regulatory issues	Computer information systems
Telecommunications and information technology	Telerobotics
Physical distance, patient and nurse
