

CALL FOR PAPERS

ICVOM 2020
Jun 25-26, 2020
Oslo, Norway

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVOM 2020 : International Conference on Viral Oncogenesis and Mechanisms is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Viral Oncogenesis and Mechanisms. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Viral oncogenesis
Oncoviruses
Non-human and human oncoviruses
DNA oncoviruses
RNA oncoviruses
Modelling the evolution of viral oncogenesis
Immunodeficiency-associated viral oncogenesis

Data analysis for viral oncogenesis research
Molecular mechanisms of viral oncogenesis
Human immunodeficiency virus and malignancy
Human papillomavirus oncoproteins
Epstein-barr virus-associated lymphomas and carcinomas
Malignancies associated with HHV-8
