

CALL FOR PAPERS

ICVDC 2020
Jun 25-26, 2020
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVDC 2020 : International Conference on Veterinary Care and Disease Control is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Veterinary Care and Disease Control. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:
