

# CALL FOR PAPERS

**ICCTHCCW 2020**  
**Jun 18-19, 2020**  
**Riga, Latvia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCTHCCW 2020 : International Conference on Computer Technologies for Human-Centered Cyber World is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Technologies for Human-Centered Cyber World. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Affective computing  
Cyber-physical systems  
Intelligent systems  
Distributed intelligent systems  
Artificial intelligence  
Artificial life  
Human-computer interaction  
Augmented cognition

Assistive technology  
User interface design  
Usability study  
Robotic systems  
Machine vision  
Medical informatics  
Decision support systems
