

CALL FOR PAPERS

ICAST 2020
Jun 05-06, 2020
San Francisco, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAST 2020 : International Conference on Advances in Seed Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Seed Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Seed technology
Seed technology in crop production
Seed dormancy
Quality seed production
Seed demand forecasting
Genetic purity in seed production
Certified seed production
Cultivation practices of seed production
Field inspection in seed production
Crop stage for field inspection in seed technology
Seed production techniques

Seed testing laboratory
Seed production
Seed processing
Seed certification
Seed testing
Seed biology
Seed storage
Seed entomology
Seed pathology
Seed marketing
