

# CALL FOR PAPERS

**ICBN 2020**  
**Jun 05-06, 2020**  
**San Francisco, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBN 2020 : International Conference on Biotechnology and Nanobiotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biotechnology and Nanobiotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nanobiotechnology

Nanomedicine

Biosensor

Protein-based nanostructures

Applications of nanobiotechnology

Interphase systems

DNA-based nanostructures

Nanoanalytics

Application of nano tools to  
biological systems

Nanomedicine and therapeutic  
nanodevices

Quantitative analytical tools

Physical model of the cell

Ex-vivo tests

Improvement in current laboratory  
techniques

Drug delivery systems
