

CALL FOR PAPERS

ICCS 2020
Jun 05-06, 2020
San Francisco, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCS 2020 : International Conference on Chemical Sensors is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Chemical Sensors. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Chemical and Biochemical Sensors
Technologies for Chemical and
Biochemical Sensing
Mechanisms, Modeling and
Simulation
Emerging Sensing Materials and
Technologies
Sensor Arrays and Data Analysis

Auxiliary Components, Manufacturing
and Packaging
Sensing for Health, Safety and
Security
Sensors for High Temperature
Processes and Harsh Environment
Applications
Sensors for Corrosive Processes
Hybrid Devices
