

# CALL FOR PAPERS

**ICDIMLTS 2020**  
**Jun 05-06, 2020**  
**San Francisco, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDIMLTS 2020 : International Conference on Direct Instruction and Multi-Level Teaching Strategies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Direct Instruction and Multi-Level Teaching Strategies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Direct instruction  
Teacher-made scripted lessons  
Formal assessments  
Positive outcomes of scripted lessons  
Strategies for teaching  
Direct instruction design principles  
Direct instruction teaching procedures  
Scripted presentations  
Small groups  
Unison responding

Signals and pacing  
Correction procedures  
Direct instruction planning  
Effectiveness of direct instruction  
Multi-level teaching strategies  
Structured response techniques  
Checking understanding  
Immediate corrective feedback  
Additional support  
Current status and future directions
