

CALL FOR PAPERS

ICECP 2020
Jun 05-06, 2020
San Francisco, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICECP 2020 : International Conference on Education and Curriculum Planning is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Education and Curriculum Planning. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Recognizing the gifted
Educating gifted students
STEM talent development
How society views giftedness
Policies for the gifted
Teaching the gifted

Enrichment and acceleration for
gifted students
Non-formal education for gifted
Special opportunity programs for
STEM talent development
Longitudinal studies with gifted
students
Cognitive research on giftedness
