

# CALL FOR PAPERS

**ICESB 2020**  
**Jun 05-06, 2020**  
**San Francisco, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESB 2020 : International Conference on Environmental Science and Biotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental Science and Biotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biochemical Engineering  
Biotechnology  
Product Engineering in the Bio  
Industries  
Self-organisation in the  
Bio-sciences and elsewhere  
Delivery of the final product  
Biotechnology applied to production  
of new and better quality food  
Biological natural resource  
engineering

Bio-machine systems  
Bioprocess and Biosystems  
Energy in agriculture  
Environmental constraints to animal  
agriculture  
Food Engineering and biotechnology  
Food safety and Bio-process  
engineering
