

# CALL FOR PAPERS

**ICFCSA 2020**  
**Jun 05-06, 2020**  
**San Francisco, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFCSA 2020 : International Conference on Fluorine Chemistry and Structural Analysis is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fluorine Chemistry and Structural Analysis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fluorine  
Synthesis  
Medicinal chemistry  
Pharmacology  
Polymer

Imaging  
Probe molecules  
Environmental  
Structural analysis  
Nanoparticles
