

# CALL FOR PAPERS

**ICISSP 2020**  
**Jun 05-06, 2020**  
**San Francisco, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICISSP 2020 : International Conference on Information Systems Security and Privacy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Information Systems Security and Privacy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

## DATA AND SOFTWARE SECURITY

Security Frameworks, Architectures and Protocols  
Cryptographic Algorithms  
Artificial Intelligence and Security  
Information Hiding and Anonymity  
Vulnerability Analysis and Countermeasures  
Data Integrity  
Database Security  
Content Protection and Digital Rights Management  
Data Mining  
Software Security Assurance  
Security Architecture and Design  
Analysis  
Security Testing

Middleware Security  
Data Fraud and Data Fabrication  
TRUST  
Computational Models of Trust  
Risk and Reputation Management  
Phishing  
Security and Trust in Pervasive Information Systems  
E-Commerce and Contract Management  
Tools  
Trusted Platforms  
P2P Transactions and Scenarios  
Common Practice, Legal and Regulatory Issues  
Trust in Social Networks
