

# CALL FOR PAPERS

**ICITE 2020**  
**Jun 05-06, 2020**  
**San Francisco, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICITE 2020 : International Conference on Information and Telecommunications Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Information and Telecommunications Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Information and Telecommunications Engineering  
Wireless and Mobile Communication  
Networking and Internet Technology  
Software Application and Services  
Telecommunication Management and Regulation  
Convergence of Smart Grid and the Internet of Things  
Energy Efficient Wired and Wireless ICT  
Network Security and Energy Efficiency  
Circuits and Systems  
Biomedical Circuits and Systems  
Nonlinear Circuits and Systems  
Power and Energy Circuits and Systems

Live Demonstrations of Circuits and Systems  
Multimedia Systems and Application  
Communication Technology  
Network Architectures  
Secure Communications  
Video and Broadcasting  
Wireless and Satellite Communications  
Ad-hoc, Sensor and Mesh Networking  
Communication Software  
Network and Information Security  
Network Security
