

CALL FOR PAPERS

ICMSA 2020
Jun 05-06, 2020
San Francisco, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMSA 2020 : International Conference on Multimedia Systems and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Multimedia Systems and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Authentication and Watermarking
Distributed Multimedia Systems
Audio and Video Quality Assessment
Multimedia Databases, Indexing,
Recognition and Retrieval
E-Learning, E-Commerce and
E-Society Applications
Human-Machine Interface

Design and Implementation of Signal
Processing Systems
Multimedia Authoring, Editing and
Sharing
Semantic Analysis of Multimedia
Data
3D Virtual Environments and
Surveillance Applications
Biomedical Applications
Location Based Applications
