

CALL FOR PAPERS

ICSR 2020
Jun 05-06, 2020
San Francisco, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSR 2020 : International Conference on Systems Research is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Systems Research. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Systems research
Systems practice
Problem structuring
Modelling
Simulation
Methodology

Systemic interventions
Participatory action research
Competencies
Evaluation
Impact
