

CALL FOR PAPERS

ICFDNH 2020
Jun 11-12, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFDNH 2020 : International Conference on Food Digestion and Nutrition Health is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Digestion and Nutrition Health. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food Digestion, Nutrition Health
and Medicine

Characterization of raw materials
and processed food matrices for
optimized nutrient bioavailability

Identification of bioactive
compounds

Stability during processing

Characterisation of food
structures

In vitro, in vivo and in silico
models of mammalian

gastrointestinal digestion

Application of digestion models to
food

Comparison in vitro/in vivo

Identification of digestion
products

Evaluation of the healthy effects

Immunomodulatory properties of
food

Regulation of appetite and satiety

Effect of food on gut microbiota

Nutrition, Health and Aging

Nutritional Science

Applied Nutrition and Epidemiology

Antioxidants, Phytoprotectants and
Disease

Obesity, Diabetes and Eating
Disorders

Diet, the Gut, Food Allergy and
Intolerance

Diet, Fitness, Nutrition and
Medicine

Nutritional Aspects of Pregnancy,
Infancy and Childhood

Nutrition and Ageing

Healthy Nutrition and Natural
Medicine

Lipids and Essential Fatty Acids

Dietary Minerals in Health and
Disease

Clinical Nutrition and Nutritional
Support
