

# CALL FOR PAPERS

**ICMIPEC 2020**  
**Jun 11-12, 2020**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMIPEC 2020 : International Conference on Modelling of Industrial Processes and Energy Conservation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Modelling of Industrial Processes and Energy Conservation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Big data in process design and operation  
Circular economy  
Data reconciliation  
Energy conservation  
Energy efficiency  
Industrial revolution 4.0  
Optimal control  
Process intensification

Process integration  
Resource saving  
Safety analysis  
Scale-up techniques  
Stochastic optimization  
Supply chains analysis  
Waste recycling
