

CALL FOR PAPERS

ICCSLD 2020
Jun 18-19, 2020
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSLD 2020 : International Conference on Climatic-Sensitive Landscape Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Climatic-Sensitive Landscape Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Climate-sensitive urban design
Climate changes and urbanization
Climatic sensitive landscape design
Climate and physical urban form
Landscape climatic control
Microclimate through plantation

Microclimate responsive design
Landscape boundary conditions
Climate sensitive urban planning and building
Maximizing solar access
Design for snow
