

CALL FOR PAPERS

ICCE 2020
Jun 22-23, 2020
Venice, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCE 2020 : International Conference on Chemistry for the Environment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Chemistry for the Environment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Monitoring Chemicals for a Safer Environment
Addressing Environmental Issues through Bio-sourced Materials and Green Chemicals
Carbon Dioxide Capture, Storage, and Recycling

Catalysis, Sorption and Separation for a Cleaner Environment
Innovative Chemistry for Environmental Enhancement
