

CALL FOR PAPERS

ICCEE 2020
Jun 22-23, 2020
Venice, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEE 2020 : International Conference on Civil Environmental Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Civil Environmental Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Civil Structural Materials
Civil Structural Engineering
Civil Earthquake engineering
Civil Geotechnical Engineering
Civil Environmental Engineering

Civil Fluid Mechanics
Civil Transportation Engineering
Civil Restoration and
Rehabilitation of Historical
Buildings
Civil Construction Management
Civil Sustainability of Concrete
and Steel Structures
