

CALL FOR PAPERS

ICCSM 2020
Jun 22-23, 2020
Venice, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSM 2020 : International Conference on Construction Safety Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Construction Safety Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Safety management

Fall protection

Occupational safety standards: case studies

Risk analysis

Building automation system
