

# CALL FOR PAPERS

**ICIPMT 2020**  
**Jun 18-19, 2020**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIPMT 2020 : International Conference on Integrated Production Methods and Techniques is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Integrated Production Methods and Techniques. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Integrated production  
Integrated production systems  
Integrated production control systems  
Integrated manufacturing  
Strategic analysis of integrated production-distribution systems  
Computer-integrated manufacturing systems  
Computer integrated production management  
Integrated production planning

Methods of integrated production planning  
Production technology  
Suitability of the methods, procedures and techniques  
Integrated production standards  
Agricultural industry and land use  
Environmental integrated production and recycling management  
Multiproduct integrated production and distribution systems
