

# CALL FOR PAPERS

**ICBSAT 2020**  
**Jul 16-17, 2020**  
**Bali, Indonesia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBSAT 2020 : International Conference on Broad-Spectrum Antibiotic Treatment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Broad-Spectrum Antibiotic Treatment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Broad-spectrum antibiotics  
Broad-spectrum antibiotic treatment  
Bacterial targets  
Empiric antibiotic therapy  
Selection of appropriate treatment

Risks of broad-spectrum antibiotics  
Disruption of normal microbial flora  
Antimicrobial resistance  
Prospective evaluation of effects of broad-spectrum antibiotics
