

CALL FOR PAPERS

ICDC 2020
Jul 16-17, 2020
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDC 2020 : International Conference on Data Computing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Data Computing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Knowledge Representation and Reasoning
Machine Learning
Pattern Recognition
Data Mining
Clustering and Classification
Big Data Analysis
Deep Learning

Multi-task Learning
Big Data Networking Technologies
Online Data Analysis
Sequential Data Processing
Graph-based Data Analysis
Artificial Intelligence
Signal Processing
