

CALL FOR PAPERS

ICIMDSP 2020
Jul 16-17, 2020
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIMDSP 2020 : International Conference on Implantable Medical Devices, Security and Privacy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Implantable Medical Devices, Security and Privacy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Implantable medical devices
Medical electronics
Micro-electro-mechanical systems
Biocompatible materials
Medical implant design
Power approaches for implantable
medical devices

Cardiovascular implants and
orthopaedic implants, other medical
implants
Mechanical properties of
implantable medical devices
Corrosion and biocompatibility
Sterilization of implantable
medical devices
Applications of implantable medical
devices
Security and privacy for
implantable medical devices
