

# CALL FOR PAPERS

**ICACLT 2020**  
**Jul 23-24, 2020**  
**Berlin, Germany**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACLT 2020 : International Conference on Advances in Clinical Laboratory Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Clinical Laboratory Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Clinical laboratory sciences and technologies  
Microscopy  
Clinical chemistry  
Gastric and pancreatic function tests  
Liver function tests  
Renal function tests  
Chemical analysis of cerebrospinal fluid  
Histology  
Dehydration, impregnation and embedding techniques  
Cytological techniques  
Microbiology  
Microscopic examination of bacteria  
Culture media

Antigen-antibody reactions  
Hematology  
Blood coagulation  
Hematological indices  
Blood transfusion technique  
Blood grouping techniques  
Anatomical pathology  
Antibiotics in laboratory medicines  
Autoimmune disorders  
Blood bank transfusion  
Clinical applications of molecular biology  
Clinical coagulation  
Clinical hematology
