

# CALL FOR PAPERS

**ICACICA 2020**  
**Jul 15-16, 2020**  
**Copenhagen, Denmark**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACICA 2020 : International Conference on Advances in Cancer Immunotherapy and Combination Approaches is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Cancer Immunotherapy and Combination Approaches. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in cancer immunotherapy  
Immune checkpoint inhibitors  
(ICIs)  
Chimeric antigen receptor (CAR) T  
cell  
Predictive biomarkers  
Resistance mechanisms

Combination approaches  
Toxicity management  
Immunotherapies in  
neoadjuvant/adjuvant settings  
Novel targets of immunotherapies  
Tumor microenvironment
