

# CALL FOR PAPERS

**ICBFC 2020**  
**Jul 15-16, 2020**  
**Copenhagen, Denmark**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBFC 2020 : International Conference on Building Failures and its Causes is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Building Failures and its Causes. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Building failures and its causes  
Building failures: design problems  
and solutions  
Structural failure of buildings

Engineering failure analysis  
Failure mechanisms in building  
construction  
Building failure in construction  
industries
