

CALL FOR PAPERS

ICIEDA 2020
Jul 15-16, 2020
Copenhagen, Denmark

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIEDA 2020 : International Conference on Industrial Engineering Design and Analysis is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial Engineering Design and Analysis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial Engineering Design and Analysis
Production Logistics System
Industrial Design
Data Mining Technology and Application
Decision Support System and Models
Computer-aided Design and Intelligent Manufacturing
Human Reliability Analysis
Distributed Problem Solving
Vendor Managed Inventory
Man-Machine-Environment System

Systems Modeling and Simulation
Systems Safety and pre-Warning
Innovation and Entrepreneurship
Quality Control and Management
Decision Analysis
Production Planning
Project and Quality Management
Safety, Reliability and Risk Management
Supply Chain Management and Modeling
