

CALL FOR PAPERS

ICADSSA 2020
Jul 17-18, 2020
Helsinki, Finland

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICADSSA 2020 : International Conference on Automated Decision Systems and Statistical Algorithms is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Automated Decision Systems and Statistical Algorithms. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Automated decision systems
Distributed computing
Automation in decision support systems
Automation and accountability
Automated decision systems and expert systems
Automated decision making technologies
Rule-based systems

Statistical algorithms
Enterprise systems
Automated decision processing
Routing or segmentation decisions
Fraud detection
Dynamic forecasting
Operational control
