

# CALL FOR PAPERS

**ICBBIMI 2020**  
**Jul 17-18, 2020**  
**Helsinki, Finland**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBBIMI 2020 : International Conference on Biological and Bio-Inspired Materials and Innovation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biological and Bio-Inspired Materials and Innovation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biological and bio-inspired  
nano-composites  
Biomineralization  
Mechanics of biological materials  
Structure-properties relationship  
Bio-inspired self assembled  
materials

Material biomimetics  
Advanced characterization methods  
for biological/bio-inspired  
materials  
Hierarchically structured  
materials  
Biological concepts in materials  
fabrication and functionality
