

# CALL FOR PAPERS

**ICCPR 2020**  
**Jul 16-17, 2020**  
**Helsinki, Finland**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCPR 2020 : International Conference on Catalyst Poisoning and Reactivation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Catalyst Poisoning and Reactivation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Catalyst poisoning  
Poison adsorption  
Poison-induced surface  
reconstruction  
Compound formation  
Poisoning process  
Common catalyst poisons

Selective poisoning  
Palladium catalyst  
Intentional palladium catalyst  
poisoning  
Catalytic converter  
Catalyst poisoning and reactivation
