

# CALL FOR PAPERS

**ICCSUDLCC 2020**  
**Jul 17-18, 2020**  
**Helsinki, Finland**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSUDLCC 2020 : International Conference on Climate-Sensitive Urban Design and Landscape Climatic Control is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Climate-Sensitive Urban Design and Landscape Climatic Control. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Climate-sensitive urban design  
Climate changes and urbanization  
Climatic sensitive landscape design  
Climate and physical urban form  
Landscape climatic control  
Microclimate through plantation

Microclimate responsive design  
Landscape boundary conditions  
Climate sensitive urban planning and building  
Maximizing solar access  
Design for snow
