

# CALL FOR PAPERS

**ICDIST 2020**  
**Jul 17-18, 2020**  
**Helsinki, Finland**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDIST 2020 : International Conference on Digital Information Systems and Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Digital Information Systems and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Digital information contexts  
Librarianship and print culture  
Digital information, science and  
the social sciences  
Digital information and computer  
science  
Digital information, language and  
representation

Digital information and semiotics  
Digital information and  
post-structuralism  
Digital information and  
post-modernism  
Digital information and complexity
