

# CALL FOR PAPERS

**ICGPDC 2020**  
**Jul 17-18, 2020**  
**Helsinki, Finland**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGPDC 2020 : International Conference on Geotechnical Planning, Design and Construction is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Geotechnical Planning, Design and Construction. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Geotechnical planning  
Planning, design and dimensioning  
of geotechnical structures  
Geological research and  
geotechnical analysis  
Geotechnical planning, design, and  
construction  
Traffic routes: roads, streets,  
railways, water routes

Bridges, skill-based and  
environmental structures  
Regional, industrial and  
housebuilding projects  
Port and water-related construction  
projects  
Sport and sport site areas  
Water and energy maintenance as  
well as data transfer networks
