

# CALL FOR PAPERS

**ICMICMP 2020**  
**Jul 17-18, 2020**  
**Helsinki, Finland**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMICMP 2020 : International Conference on Metallurgical Industrial Chemistry and Metallurgical Processing is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Metallurgical Industrial Chemistry and Metallurgical Processing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Metallurgical industrial chemistry  
Physical metallurgy  
Extractive metallurgy  
Powder metallurgy  
Developments in manufacturing process  
Thermo dynamics involved in metallurgy  
Aerospace and space materials  
Industrial polymers, metals and composites chemistry  
Industrial pharmaceutical and cosmetic chemistry  
Petroleum and organic industrial chemistry  
Applied chemistry

Nanotechnology involved in industrial chemistry  
Industrial electrochemistry  
Industrial photo chemistry  
Textile industrial chemistry, textile engineering and apparel industry  
Nuclear chemistry in industry  
Production of food and beverages  
Adhesive industrial chemistry  
Industrial processes, white biotechnology and green chemistry  
Industrial materials and applications  
Chemistry in plastic, glass and leather industries
