

# CALL FOR PAPERS

**ICIMEEC 2020**  
**Jul 23-24, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIMEEC 2020 : International Conference on Industrial, Mechanical, Electrical Engineering and Chemistry is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial, Mechanical, Electrical Engineering and Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial Engineering  
Production management  
Supply chain management  
Human factor  
Biomechanics  
Product design  
Marketing  
Quality management  
Information management  
Operation research  
Layout planning  
Electrical Engineering

Automated guided vehicles  
Autonomous devices  
Digital and analog communication  
Energy harvesting and conversion  
High voltage engineering and  
insulation technology  
Industrial electronics  
Integrated circuits  
Microelectronics  
Optics, Nanophotonics and quantum  
tech  
Sensors  
VLSI and IC design  
Chemical Engineering
