

# CALL FOR PAPERS

**ICPPP 2020**  
**Jul 23-24, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPPP 2020 : International Conference on Phytogeography and Plant Physiology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Phytogeography and Plant Physiology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Phytogeography  
The geography and ecology of plant  
speciation  
Floristic plant geography  
Ecologic plant geography  
Vegetation in relation to climatic  
classification  
Marine vegetation

Similarities of plant communities  
in different regions  
Distribution patterns  
Future changes in plant  
distribution  
Plant physiology  
Life-forms of terrestrial flowering  
plants  
Statistical plant geography
