

# CALL FOR PAPERS

**ICS 2020**  
**Jul 23-24, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICS 2020 : International Conference on Superalloys is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Superalloys. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Superalloys  
Superalloy metallurgy  
Nickel based superalloys  
Iron-based superalloys

Microstructure of nickel-based  
superalloys  
Superalloys for high temperature  
applications  
Applications of superalloys in  
engineering applications
