

CALL FOR PAPERS

ICBBIMMBM 2020
Jul 13-14, 2020
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBBIMMBM 2020 : International Conference on Biological and Bio-Inspired Materials and Mechanics of Biological Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biological and Bio-Inspired Materials and Mechanics of Biological Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biological and bio-inspired
nano-composites
Biomineralization
Mechanics of biological materials
Structure-properties relationship
Bio-inspired self assembled
materials

Material biomimetics
Advanced characterization methods
for biological/bio-inspired
materials
Hierarchically structured
materials
Biological concepts in materials
fabrication and functionality
