

CALL FOR PAPERS

ICGGPS 2020
Jul 13-14, 2020
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGGPS 2020 : International Conference on Geotagging and GPS is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Geotagging and GPS. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Geotagging	Remote sensing data
Geotagging techniques	Audio/video files
Geotagging applications	SMS messages
Geotagging software	DNS entries
Geotagging tools	HTML pages
Geotagging approaches	ICBM method
Geotagging methods	RDF feeds
Geotagging photos	Microformat
GPS formats	Geotagging in tag-based systems
Geotagging standards in electronic file formats	Geoblogging
Photographs	Dangers of geotagging
