

CALL FOR PAPERS

ICMMCID I 2020
Jul 13-14, 2020
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMMCID I 2020 : International Conference on Medical Microbiology, Clinical Infectious Diseases and Immunotherapy is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Medical Microbiology, Clinical Infectious Diseases and Immunotherapy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Microbial diversity	Herpes virus
Fundamentals of medical microbiology	Small Pox
Causes and transmission of infectious diseases	Hantavirus
Airborne transmission	Parasitology and its treatments
