

# CALL FOR PAPERS

**ICTET 2020**  
**Jul 13-14, 2020**  
**Ottawa, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTET 2020 : International Conference on Transport Engineering and Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Transport Engineering and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Transportation engineering  
Highway engineering  
Railroad engineering  
Port and harbor engineering  
Airport engineering  
Scientific principles of planning,  
functional design, operation and  
management  
Urban planning  
Urban transportation planning  
model

Trip generation  
Trip distribution  
Mode choice  
Route assignment  
Traffic engineering  
Intelligent transportation systems  
Vehicle infrastructure integration
