

CALL FOR PAPERS

ICUETSCDSG 2020
Jul 13-14, 2020
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUETSCDSG 2020 : International Conference on Urban Energy Transition in Sustainable City Development and Smart Grids is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Energy Transition in Sustainable City Development and Smart Grids. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Urban energy transition in
sustainable city development
Urban data and urban modeling
Urban energy systems and renewable
energy systems
New energy and transport concepts
Air quality and urban microclimate
Network infrastructure

Demand response and storage
Smart grids
Citizen involvement
Multi-modal transport
Sharing economy
