

# CALL FOR PAPERS

**ICABE 2020**  
**Jul 23-24, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABE 2020 : International Conference on Agricultural and Bioprocess Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agricultural and Bioprocess Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biosystem and bioprocess  
engineering  
Agricultural engineering and water  
management  
Prevention and solutions to water  
pollution  
Animal production technology  
Climate change adaptation  
Ecological and environmental  
engineering  
Biochemical engineering  
Biotechnology  
Bioengineering  
Bioprocess engineering  
Chemical engineering  
Green technology

Biosustainability  
Biomolecular, cell and tissue  
engineering  
Biosystems engineering  
Biomaterials  
Biopharmaceuticals  
Bioproducts  
Biosensors and nanobiotechnology  
Biorenewable / bioenergy  
Food and process engineering  
Agrotechnology  
Marine technology
